WORK EXPERIENCE

Junior Flutter Developer - **GatherUp** *06/2026 - present*

- Event Booking, Authentication & JWT Authorization
- REST API Integration, Local Caching & Clean Architecture
- Google Maps Integration & Firebase Push Notifications (FCM)
- Real-time Chat & Responsive Cross-Platform UI

Intern Flutter Developer - **Centerly** *03/2026 - 06/2026*

- Collaborated within a cross-functional Agile team.
- Applied Clean Architecture with BloC/Cubit and MVVM patterns.
- Delivered salable, maintainable, and responsive mobile features.

Intern Flutter Developer - **Elevate** *10/2024 - 04/2025*

- Built and delivered Flutter features using Clean Architecture, BLoC/Cubit, and MVVM in an Agile environment.
- Integrated REST APIs using Dio & Retrofit, and implemented Firebase Authentication, Firestore, and FCM..
- Collaborated using Git/GitHub and Jira, participated in code reviews, and contributed to improving code quality and architecture.

PROJECTS

GatherUp — Social Events & Booking Platform Android & IOS | Website

- Developed Flutter features for a social platform that enables users to discover, join, and manage local events.
- Implemented Event Booking, Google Maps, Real-time Chat, and Firebase Cloud Messaging (FCM).
- Integrated REST APIs, JWT Authentication, Local Caching, and applied Clean Architecture with Provider.

Awwaab — Islamic Lifestyle & Quran App Android

- Developed a Flutter application featuring Prayer Times, Quran, and Islamic lifestyle services..
- Integrated Geolocation, WorkManager, and flutter_local_notifications for accurate prayer schedules and reminders.
- Applied Clean Architecture with BLoC and published the application on the Google Play Store.

Elmohandes — Invoice & Sales Management App Android & Desktop | Freelance

- Developed a cross-platform Flutter application for invoicing, product management, PDF generation, and sales analytics.
- Implemented Clean Architecture, BLoC, Dio/Retrofit, and SharedPreferences for a scalable codebase.
- Built secure authentication, invoice search, and responsive UI for mobile and desktop.

Flowery — E-Commerce Flower App Mobile

- Developed a Flutter-based e-commerce application for browsing, ordering, and tracking flower purchases
- Implemented authentication, shopping cart, order management, and order tracking.
- Integrated REST APIs using Clean Architecture, BLoC, and Dio.

TECHNICAL SKILLS

Core Flutter: Dart · Flutter Framework · BLoC · Cubit · Clean Architecture · SOLID Principles · Design Patterns (MVVM, Repository) · Dependency Injection (Get_it, Injectable).

APIs & Backend: REST API Integration · Dio · Retrofit · HTTP · Firebase (Auth, Firestore, FCM, Storage) · Supabase · Google Maps API ·Payment Gateways (Stripe, PayPal). Storage & Data: Hive · SharedPreferences · Local & Remote Data Source Architecture.

UI / UX: Responsive Design · Adaptive Layouts · Flutter Animations & Transitions · Pixel-perfect Implementation · UI/UX Design Principles.

Testing & DevOps: Unit Testing · Widget Testing · Git · GitHub · Version Control Workflows · CI/CD (GitHub Actions, Codemagic).

AI & Tooling: AI-Assisted Development (Cursor, Claude, Gemini, ChatGPT) · Prompt Engineering · VSCode · Android Studio · Postman · Jira · Figma

EDUCATION

Bachelor of Information Technology — Minya University *10/2021 - 06/2025*

Graduation Grade: Very Good -With Honors

Graduation Project: ServiceX — Home Repair Services Platform (2025) Mobile

LANGUAGE

Arabic — Native Speaker | **English** — Professional Proficiency

COURSES & CERTIFICATIONS

- UI/UX (Front-end) Developer Track - **ITI Tech-Leaps** Certificate
- Flutter Developer Internship - **ELEVATE** Certificate
- Professional Flutter Development **(Udemy)**: Completed 7 specialized courses covering Advanced Patterns (MVVM, BLoC, Clean Architecture), Responsive Design, and Full-Stack Dart Development.Advanced Feature Integration: Expert-led training in Google Maps and Secure Payment Gateways (Stripe, PayPal, etc.) across multiple professional certifications Certificate
- Flutter Developer Internship - **CENTERLY** Certificate
